Waxing Face, Body & Intimate Area –

Why Hydro Mask Post Wax?

Hydro Mask after Waxing instantly cools freshly depleted skin, reduces redness & prevents inflammation, provides deep hydration to the compromise skin barrier. Hydro Masks are safe & highly recommended after waxing, especially for sensitive skin ie`;

- Face included with full face wax
- Body: arms full/half, back, under arms, legs full/half
- Intimate Area Wax i.e. bikini line, bikini line including Brazilian Wax, The Hollywood, French Wax, and the love heart.

Core benefit benefits

- Reduces redness & inflammation instantly lower as skin temperature to constrict blood vessels & calm post waxed sensitivity.
- Dehydration confuses the skin with vitamins, amino acids, and nutrients lost during exfoliation.
- Prevents ingrown hairs, keep the hair full, cool clean, hydrated & soothed discouraging trapped hairs.
- Restores the skin, barriers, alga & electrolyte compounds to replenish the skin, making it soft, supple & less prone to infection.
